

Hearing:	
Device	Description
Battery Powered Receiver/Amp	Connects between telephone base and handset. Amplifies incoming voice.
Omnidirectional Microphone	
Pocket Talker Pro	Ideal for 1-on-1 conversations, TV listening, small groups, and much more. The Pocket talker amplifies sound clearly and easily for better understanding. 100 hours of battery life ensures long-lasting performance. Each Pocket talker includes a plug-in sensitive microphone; and for the TV listener: a TV listening extension cord. Use the Pocket talker with a variety of available earphones and headphones of your choice, or, for optimal performance use it with a neckloop and a telecoil-equipped hearing aid.
Telelink Telephone Coupler	Connects the Pocket Talker Pro to the telephone for amplification.
Telephone Ring Signaler	Sonic Alert Deluxe model with on/off switch which allows use of a lamp for reading/alerting. Transmits signal to remote receivers.
Clock/Lamp with built in phone	Lamp w/telephone ring signaler. Includes: adapter and phone cord.
Call Alert	Converts a lamp into a visual ringer for the telephone.
Alertmaster 6000	All in one system that uses a flashing lamp, bed shaker and panel of lights to alert you to different sounds. Activated by telephone ring, alarm clock, knock on the door or loud

	noises. Ideal for individuals with moderate to profound hearing loss.
Alertmaster Remote Receiver	For use with the Alertmaster 6000
Sonic Blink Strobe	Works in conjunction with the other Sonic products including the Wireless Doorbell Signaler, Sonic Sitter, and Sonic Ring Elite Telephone Signaler. Features a high-intensity strobe light that projects 360 degrees when flashing to wipe out blind spots. For use in areas where you would not have a lamp, such as bathrooms, kitchens, and hallways. Installation is simple - simply plug the Sonic Blink into any outlet and it automatically works when one of the Sonic signalers is triggered.
Neckloop Telecoil Coupler	Williams Sound
Ultratec Remote Receiver SRD	Flash a lamp or strobe to alert you to sounds in different rooms throughout the house. Different flashing patterns make it easy to tell which signaler has sent the transmission.
Hands Free Headset	Plugs into a telephone with a headset port. Can also be used with a cell phone. Allows for hands free communication.
Neckloop Telecoil Coupler	for PocketTalker (18")
Strobe Light	Signaler
Sonic Boom Alarm Clock	Unique clock that is guaranteed to wake up even the heaviest sleepers. When the alarm goes off, the user can select to

	wake up to any combination of loud pulsating audio alarm, flashing lights, or shaking bed (vibrator sold separately).
Pocket Talker Ultra	Amplifies sounds closest to the listener while reducing background noise. Lightweight, ergonomic design for portability and ease of use. Finger tip adjustable volume control allows you to quickly adjust to your listening environment.
Sound Wizard II	(accessories for #1180)
Door Stop Alarm	Shape of a door stop wedge. 125dB alarm sounds if the unit is moved or if the door is opened. 9V battery.
Sound Wizard II	Clearsounds. Handheld listening system. Volume control for loudness. Pointed at the source of sound, amplified sound is sent through handheld unit to earphones.
Handset Amplifier	
GN 9120 with Power Stand Wireless Headset	Up to 300ft wireless range, 2.4 GHz frequency, 8 hours battery talk time, convertible (2-n-1) wearing style, noise cancelling flex boom style, includes remote answering. Includes: GN Netcom 9120 Flex Wireless Headset, GN1000 remote handset lifter, charger.
PocketTalker Ultra	Amplifies sound while reducing background noise. Lightweight, adjustable volume control, compact, built-in sensitive microphone. Hearing aid compatible.
TeleMax Phone Coupler	Hearing aid accessory designed to enable individuals with hearing aids equipped with a telecoil (T-coil) to use with cellular and cordless phones.
P400 Amplified Picture Phone	Clarity. Picture memory, corded, up to 26dB. Hearing aid compatible, oversized keypad buttons. 9

	programmable memory buttons.
Walker Universal Amplified Handset W6 UNI-K44	Hearing aid compatible. "K" style handset. Amplifies incoming sound up to 3 times over normal level. Reduces background noise.
Awake Master II	Portable alarm clock. Vibration or melody alarm. Battery operated.
Shake Awake	Vibrating alarm clock, portable, handheld.
Ameriphone Dialogue XL-30	Ideal for people with moderate to profound hearing loss. Volume control up to 30 times (30dB), for loud and clear telephone calls. Tone selector for adjusting sound clarity and distinguishing similar sounding words like "chair" and "share".
Alertmaster Remote Receiver	Model AM RX 2. (used with #000307)
Sonic Ring Elite Deluxe	Easy to use - simply plug it in. Integrated on/off switch allows lamp to be used for normal lighting. 3 choices of flash patterns to differentiate between device.
Sonic Alert Ringer Telephone Signaler	Model TR100.
